Work Experience

Full-stack Developer

sqdev

2016 – Present

Now I'm working as full-stack developer in sqDev, we create sites, e-shops, apps. Our technology stack consist of: HTML/SCSS, JS/jQuery, React.js, Webpack, Gulp, Node.js, Express.js, WordPress.

Web Developer

Weblancer.net

2016 –2017

I was working as a freelance web developer. I had projects with HTML/CSS (landing pages, sites), JS/jQuery (projects like constructor of products for e-shop)

Education

National Technical University of Ukraine 'Igor Sikorsky Kyiv Polytechnic Institute', FICT, Software Engineering	2015 – Present
Native English School	2017 - Present
Ignite JavaScript Competence Center	2017
